

To start scheduling your driving lessons on your student portal you need to:

- Start your classroom session
- Email your permit to andersondriving@comcast.net (PERMIT in the subject line).
- Parent class needs to be taken *
- Your balance needs to be paid in full, on your student portal or mail us a check.

Once these are complete, you need to notify Linda in our office by email or a phone call, after 1pm M-F and ask her to switch your account over.

All scheduling and cancelations are done on the student portal. The office cannot schedule your driving lessons for you.

*If your parents took a parent class here for an older sibling, please let Linda know your name and your sibling's name.
Parent class is good for 5 years.
